DETAILED ACTION

This Office Action is in response to Applicant's amendment filed April 20, 2006.

National Stage Application

The Examiner has considered the international preliminary examination report (IPER).

Response to Arguments

Applicant's arguments, see pages 7-9, filed April 20, 2006, with respect to Claims 1-21 have been fully considered and are persuasive. The rejection of Claims 1-12, 17-20 and the objection of Claims 13-16 and 21 have been withdrawn.

Allowable Subject Matter

Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance: The references shown in the X category of the International Search Report are not relied in view of the following consideration.

With respect to independent Claim 1, the prior art does not teach or suggest a radiation detector connected to one end of the sensor assembly. The prior art requires the detector when taking images must move around the center.

With respect to independent Claim 17, the prior art does not teach or suggest those cameras are capable in the driver vision enhancing system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
